

**REMARKS**

By this Amendment the specification has been corrected and claim 24 revised regarding its dependency. Entry is requested.

In the outstanding Office Action the examiner has required an election of species as between Figs. 1-2 (Specie I), Fig. 3. (Specie II) and Fig. 4 (Specie III).

The inventors elect the Figs. 1-2 specie (claims 19-28). However, this election is made with traverse.

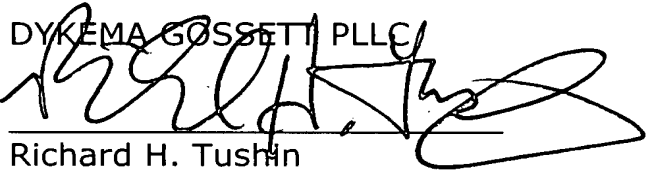

The examiner's election requirement has been made under 35 U.S.C. 121; however, the present application is a U.S. national phase application and unity of invention standards should be utilized. It is submitted that, using unity of invention standards, all of claims 19-41 should be examined together. At the very least, claims 19-30 (Figs. 1-3) should be examined together.

Reconsideration is requested.

Respectfully submitted,

DYKEMA GOSSETT PLLC
